COMPANY OVERVIEW

Prominent Intelligence is a professional consulting firm specializing in program management, technology transformation, operational process improvement, and data-driven business solutions. We support organizations through strategic project leadership, enterprise system implementations, operational optimization, data migration initiatives, and business analytics solutions designed to improve performance, streamline operations, and support successful organizational transformation.

Led by a PMP-certified professional with 15+ years of experience across enterprise technology, healthcare systems, manufacturing, and consulting environments, Prominent Intelligence delivers practical, results-oriented solutions that help organizations manage complex initiatives, improve cross-functional collaboration, and execute critical operational and technology projects successfully.

CORE CAPABILITIES

PROGRAM & PROJECT MANAGEMENT

Enterprise program management, PMO support, risk management, stakeholder engagement, change management, Agile & hybrid methodologies, and executive reporting.

HEALTHCARE TECHNOLOGY & EHR IMPLEMENTATION

EHR/EMR implementation, data migration, workflow optimization, go-live readiness, legacy document conversion planning, and operational transition support.

DATA ANALYTICS & REPORTING

Dashboards, KPI tracking, data governance, business intelligence, data validation, performance measurement, and executive reporting.

OPERATIONAL PROCESS IMPROVEMENT

Process analysis, workflow redesign, SOP development, Lean initiatives, compliance support, and efficiency improvement strategies.
